Failure to acknowledge receipt of all addenda may be cause for disqualification.

STATEMENT RELEASED BY MIAMI-DADE COUNTY RELATED TO WAGE REQUIREMENTS:

On May 28, 2024, the Governor signed into law House Bill ("HB") 705. Prior to the adoption of HB 705, section 255.0992 of the Florida Statutes generally prohibited Miami-Dade County (the "County"), from requiring a contractor, subcontractor, or supplier to pay or provide a predetermined amount of wages or benefits to its employees or recruit or hire employees from a designated or restricted source in construction projects paid for with any state-appropriated funds. Additionally, under the same statute, the County could not apply small business measures or limit bidding among Small Business Enterprise-Construction ("SBE-Con") firms for construction projects paid for with any state funds. However, for contracts funded solely with County funds, prior to the adoption of HB 705, section 255.0992 did not limit the application of the County's SBE-Con program, responsible wages, or workforce requirements.

HB 705 revised the definition of the term "public works project" in Section 255.0992, Florida Statutes to include activities paid for with local County funds, making the various prohibitions found in section 255.0992 applicable to County funded construction contracts. HB 705 impacts construction projects that are in various phases of the procurement process whether pending advertisement or bid submittal, and in some cases pending contract award with bids having been received. Thus, considering the passing of HB 705, effective July 1, 2024, the following prohibitions exist:

- *The County's Responsible Wages & Benefits, Community Workforce, Residence First Training and Employment, and Employ Miami-Dade Program requirements **will not** be applied to the County's capital construction projects, including design-build projects, awarded after July 1, 2024.*
- *The County's SBE-Con requirements **cannot be applied** on any capital construction projects, including design-build projects, if initial bids or proposals are received on or after July 1, 2024.*

1. CHANGES TO VOLUME I:

- A. In light of the passing of House Bill HB 705 effective July 1, 2024, the following articles will no longer apply to the Solicitation Documents:
