MIAMI, FL 33175

NOTICE TO ALL PERMIT APPLICANTS LOW VOLTAGE PERMIT EXEMPTIONS

Effective October 1, 2013, the following low voltage electrical permit categories will be exempt from permit requirements for residential installation and repairs (single family residence, duplex or townhouse):

- Burglar Security Systems (Category 0002)
- Master TV Antenna (Category 0006)
- Sound and Intercom (Category 0007)
- Data Communication Cables (Category 0032)
- Central Vacuum (Category 0033)
- Telephone and Communication (Category 0035)
- Smart House (Category 0036)

Please be advised that permits are still required for commercial work including multi-family buildings such as, but not limited to, condominiums and apartments. Permits are required for commercial installations in existing buildings where renovations or alterations are not being performed. Burglar alarm labels will be issued for the aforementioned commercial work including multi-family buildings such as, but not limited to, condominiums and apartments.

Thank you.
