How to Read a Department's Budget Narrative

Departmental budget narratives in the Budget and Multi-Year Capital Plan contain important details regarding how Miami-Dade County funds its strategic goals and fiscal priorities. These sections contain a general departmental description, information regarding operating and capital revenues and expenses, strategic planning alignment and performance expectations, a table of organization with position counts, and divisional highlights, among other things. The way all this information is presented helps demonstrate the progress Miami-Dade County is making towards achieving its strategic goals and fiscal priorities. To help the reader better understand how Miami-Dade County is funding priorities, the following pages explain in detail what is contained in these department narratives.

To ensure Miami-Dade County departments are internally aligned to the County Strategic Plan, unit measures are now being aligned to a separate departmental objective which itself is linked to a Strategic Plan Objective. Departmental objectives help communicate to the reader how a department specifically supports the County Strategic Plan. These Strategic Plan Objectives – which were updated this year to account for our resilience plans and community priorities identified during the Mayor's Thrive305 community engagement initiative – are listed in Appendix W in Volume 1.

In addition, the departmental budget narratives include how certain divisional and capital operating highlights are categorized under the Mayor's 4Es of Economy, Environment, Engagement, and Equity. These categories are displayed in the narratives with the following symbols:

Solid Waste Management

The Department of Solid Waste Management (DSWM) collects garbage and trash in the Waste Collection Service Area (WCSA), performs a series of waste disposal tasks countywide, provides mosquito control services and enforces County ordinances as appropriate countywide.

As part of the Neighborhood and Infrastructure strategic area, DSWM provides a variety of services for residents, including garbage and trash collection and curbside collection of recyclable materials. In addition, DSWM operates 13 Trash and Recycling Centers (TRCs) in the WCSA and provides waste transfer and disposal services countywide to municipalities and private haulers. DSWM is also responsible for the operation and management of three regional transfer stations and associated fleet, two operating landfills and the Resource Recovery facility (one of the largest resource recovery facilities in the world) and a co-located ashfill. Other services provided include residential and commercial code enforcement, litter clean-up, transit bus stop litter collection, maintenance of two County-owned closed landfills, illegal dumping enforcement and removal and storm debris removal. Additionally, DSWM has countywide responsibility for the regulation of private waste collection, transportation of waste and recycling activities. DSWM also provides a full range of mosquito control activities including education and outreach, abatement (larviciding and adulticiding programs), mosquito population surveillance and enforcement throughout Miami-Dade County.

In fulfilling its purpose, DSWM provides disposal services to municipalities and private haulers and manages an agreement for the operation of the Resource Recovery facility. Landscape businesses also obtain permits from DSWM for use of the TRCs, landfills and the resource recovery facility. The Department coordinates with federal and state regulators, other County departments and municipalities for the implementation of disposal site mitigation. DSWM also works with community stakeholders, such as homeowners' associations, to maximize customer satisfaction as well as the Department of Health on mosquito control issues that impact public health and welfare.

Water and Sewer

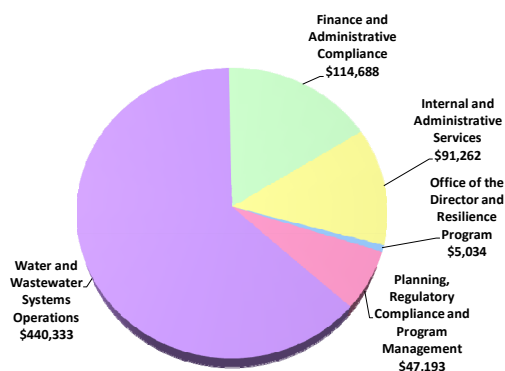

The Miami-Dade Water and Sewer Department (WASD) provides high-quality drinking water and wastewater services, safeguarding public health and the environment, while planning for future growth, implementing water conservation measures, and providing for process improvements and cost efficiencies.

As part of the Neighborhood and Infrastructure strategic area, the Department’s main functions are water production and distribution, as well as wastewater collection, treatment, reuse, and disposal. WASD operates both a water and a wastewater system. The Water System consists of three regional water treatment plants, one shared (City of Hialeah) reverse osmosis plant and five local water treatment plants with a total permitted capacity of 464 million gallons per day (MGD). Additionally, WASD operates and maintains 95 water supply wells (grouped into 14 wellfields) in the Biscayne Aquifer; five aquifer storage and recovery wells in the Floridan Aquifer and more than 8,500 miles of water distribution mains. The Wastewater System includes three regional wastewater treatment plants with a total permitted capacity of 376 MGD, more than 1,000 sewer pump stations and 6,500 miles of wastewater mains and lateral collection pipes. The Department implements water conservation measures, provides high quality drinking water and plans and improves infrastructure for future growth.

The Department delivers water and sewer services to most residents and businesses within Miami-Dade County, serving approximately 458,286 water and 373,681 wastewater retail customers as of September 30, 2022. Additionally, service is provided to 15 wholesale (municipal) water customers and to 13 wholesale (12 municipal and the Homestead Air Reserve Base) wastewater customers within Miami-Dade County on a daily basis. The total combined population served at the retail and wholesale level is approximately 2.4 million residents. In providing these services, the Department interacts with and is regulated by the United States Environmental Protection Agency, the Florida Department of Environmental Protection, the Miami-Dade County Health Department, the South Florida Water Management District and the Regulatory and Economic Resources Department (RER).

CAPITAL BUDGET HIGHLIGHTS AND OPERATIONAL IMPACTS

- In FY 2012-13, the Department negotiated a consent agreement with the Federal Environmental Protection Agency (EPA) to address regulatory violations resulting from failing wastewater infrastructure for approximately \$1.6 billion; the agreement was adopted by the Board of County Commissioners on May 21, 2013; on April 9, 2014, the U.S. District Court for the Southern District approved the Consent Decree, replacing and superseding the two existing Consent Decrees issued in the early-mid 1990s; all projects contained in the Consent Decree are currently included in the capital plan, but as projects advance, schedules for completion may need to be modified, with the approval of the EPA; increased debt requirements will lead to future rate adjustments

In FY 2022-23, the Department is continuing to increase its focus on its Inflow and Infiltration Program to reduce flows into the wastewater system from ground water and rain; this will result in a reduction of conveyed and treated flows at wastewater treatment plants resulting in capital and operational savings (total program cost \$167.088 million; \$14.865 million in FY 2022-23; capital program #9650201)

The Department's FY 2022-23 Adopted Budget and Multi-Year Capital Plan also addresses the continued implementation of various wastewater systems capital projects such as the Pump Station Improvement and Resilience Programs (total program cost \$338.202 million; \$34.591 million in FY 2022-23; capital program #2000000784), Ocean Outfalls Legislation Program (total program cost \$1.416 billion; \$74.073 million in FY 2022-23; capital program #962670), Consent Decree (total program cost \$1.469 billion; \$175.056 million; capital program #964120, #964440 and #968150), and South District Expansion (total program cost \$673.103 million; \$119.164 million in FY 2022-23; capital program #2000000580)

The Department's FY 2022-23 Adopted Budget and Multi-Year Capital Plan includes the continued implementation of various water system capital projects such as the Hialeah/Preston Water Treatment Plant (total program cost \$64.062 million; \$11.233 million in FY 2022-23; capital program #9650041), Alexander Orr Water Treatment Plant (total program cost \$129.167 million; \$9.562 million in FY 2022-23; capital program #9650031), Small Diameter Water Main Replacement Program (total program cost \$269.925 million; \$14.806 million in FY 2022-23; capital program #2000000072) and Water Distribution System (total program cost \$136.822 million; \$20.357 million in FY 2022-23; capital program #9653311)

The Department's FY 2022-23 Adopted Budget and Multi-Year Capital Plan is systematic and responsible in addressing regulatory requirements related to aging infrastructure such as pump stations, treatment plants and transmission lines and necessary upgrades; the capital plan addresses \$556.412 million in wastewater needs, \$208.326 million in water needs and BBC/GOB Water and Wastewater projects of \$18.438 million dollars

FY 2022 - 23 Adopted Budget and Multi-Year Capital Plan

The Department's FY 2022-23 Adopted Budget and Multi-Year Capital Plan includes projects that directly impact the resilience of the County's built and natural systems; this includes designing infrastructure that considers sea-level rise and storm surge for the life of the assets; the C51 Reservoir Alternate Water Supply project that will diversify water resources and benefit environmental and agricultural uses; investments to renew water plant infrastructure with the Water Reset Program; and investments to maximize the use of biogas from the wastewater treatment process to increase onsite energy production

- The Department's FY 2022-23 Adopted Budget and Multi-Year Capital Plan includes a countywide program to provide sanitary sewer service to residents with septic systems; compromised and failing septic systems can cause negative impacts on private properties, pose public health risks, and have long-lasting detrimental effects on our natural resources including Biscayne Bay; the Connect to Protect project encompasses the expansion of the sanitary sewer system to remove septic systems through the General Obligation Bond Commercial Corridors Septic-to-Sewer Project; installation of public sewer laterals; private side connections; and the Ojus Special Benefit Area project

The Department's FY 2022-23 Adopted Budget and Multi-Year Capital Plan includes the purchase of 199 vehicles (\$15.269 million) for the replacement of its aging fleet funded with lease purchase financing (\$11.417 million for heavy fleet, and \$3.852 for light fleet); the fleet replacement plan will provide operational savings to the Department in the long-term as it will reduce maintenance costs, fuel consumption and overtime as a result of addressing equipment failure; the County's fleet replacement plan is included under Non-Departmental capital program #2000000511

Homeless Trust

The Miami-Dade County Homeless Trust (Homeless Trust) serves as the coordinating entity for the provision of housing and services to individuals and families experiencing homelessness throughout Miami-Dade County. The Homeless Trust advises the Board of County Commissioners (BCC) on issues related to homelessness and serves as the identified "Collaborative Applicant" for the United States Department of Housing and Urban Development's (U.S. HUD) Continuum of Care Program and the Florida Department of Children and Families Office on Homelessness. The Homeless Trust implements Miami-Dade County's Community Homeless Plan: Priority Home and the one percent Food and Beverage Tax proceeds in furtherance of the plan. Eighty-five percent (85%) of Food and Beverage Tax proceeds are dedicated to homeless housing and services and leveraged with federal, state, local and other resources dedicated to providing housing and services for the homeless, including survivors of domestic violence. The Homeless Trust also provides administrative, contractual and policy formulation assistance related to homeless and domestic violence housing and services. The Homeless Trust also assists in coordinating and monitoring the construction and operations of domestic violence centers in Miami-Dade County, which are funded through the remaining 15 percent of the Food and Beverage Tax.

As part of the Health and Society strategic area, the Homeless Trust funds and monitors homeless prevention services, temporary and permanent housing, and supportive services for the homeless, including homeless outreach. Each area is specifically designed to meet the unique needs of homeless individuals and families when they first enter the system and as their needs develop and evolve over time. This blend of housing and services comprises what is known as the homeless continuum of care. Over 9,000 emergency, transitional and permanent housing beds have been developed by or through the Homeless Trust since its inception in 1993. A Board of Trustees, comprised of 27 members, governs the Homeless Trust. Membership consists of appointed leadership, including County and City commissioners, representatives from the Judiciary, the Superintendent of Schools, the Florida Department of Children and Families Regional Administrator and the City of Miami Manager. The Board also includes representation from Miami Homes for All; business, civic and faith-based community groups; homeless service providers; homeless individuals; and formerly homeless individuals. To fulfill its mission of assisting homeless individuals and families, the Homeless Trust relies on the services offered by provider agencies within the community, including its private sector partner, Chapman Partnership.

DIVISION COMMENTS

- During FY 2021-22 a Clerk 4 position was added to assist in the processing of invoices and accounts payable, and with overall back-office support functions (\$68,000)

Three (3) new permanent housing projects are coming online as a result of the successful Fiscal Year 2021 U.S. HUD Continuum of Care Program Competition cycle; the three projects will provide housing and services for an estimated 135 households, or 284 people experiencing homelessness, including survivors of domestic violence; in March 2022, the Homeless Trust was awarded more than \$41 million in new and renewal grants from U.S. HUD to provide homeless housing and services

In FY 2022-23 the Homeless Trust received an allocation from the Miami-Dade Rescue Plan in the amount of \$6 million from the Infrastructure Project Program category for the purpose of acquiring and/or purchasing additional housing units

In FY 2022-23 the Homeless Trust received an allocation of \$10 million from the HOMES Plan for the purpose of acquiring and/or purchasing additional housing units and for improvements/renovations of existing facilities

- The Homeless Trust continues to feel the impacts of Miami-Dade County's affordable housing crisis and the lack of housing options, particularly for persons at or below 30% of the Area Median Income, many of whom are disabled; continuing fallout from the COVID-19 pandemic, the closing of unsafe structures following the Surfside collapse and increased migrant inflow have further strained available resources; homeless prevention services also remain in demand as renters and property owners face hardships

The Homeless Trust continues to partner with and leverage the resources of area public housing agencies, including Miami-Dade, Miami Beach, Hialeah and Homestead, to provide housing to homeless households, including 770 Emergency Housing Vouchers made available through the American Rescue Plan Act

The Homeless Trust continues to work with Participating Jurisdictions, including Miami-Dade, Miami, and Miami Beach to target HOME Investment Partnerships American Rescue Plan Program (HOME-ARP) resources to add new units to the development pipeline targeted to people experiencing homelessness and rehouse persons experiencing homelessness

The Homeless Trust received a \$1.75 million special appropriation to provide permanent housing for seniors and others experiencing homelessness; two growing homeless sub-populations include those ages 55+ and unsheltered single adults with severe mental illness

- Efforts continue to pursue full participation in the Local Option 1% Food and Beverage Tax in Miami-Dade as three municipalities (Miami Beach, Surfside and Bal Harbour) remain exempt from the penny program
- Food and Beverage Tax funded investments in homeless prevention, rapid rehousing and specialized outreach programs have been enhanced in the FY 2022-23 Adopted Budget to offset the phase out of Emergency Solutions Grant-Coronavirus (ESG-CV) resources made available through the Coronavirus Aid, Relief, and Economic Security Act (CARES Act); ESG-CV resources have largely returned to pre-pandemic levels

Operational funding has been added to support and enhance the organic farm and farmer's market at Verde Gardens, which operates in support of households experiencing homelessness; Verde Gardens includes 145 units of permanent supportive housing for disabled families with minor children

During the Fiscal Year 2022 State Legislative Session, the Homeless Trust secured a special appropriation of \$562,000 for low barrier, single-site permanent supportive housing allowing for quick placement of individuals coming directly from the street who would likely not do well in a congregate facility, such as an emergency shelter; this new housing serves as a bridge to other permanent housing

The Homeless Trust continues to pursue strategies to eliminate race as a social determinant of homelessness and is working to ensure black persons and persons with lived experience are part of CoC planning and decision making; the Homeless Trust continues to perform an annual racial disparity quantitative assessment, review its coordinated entry system to ensure people of color have equal access to permanent housing, and facilitate trainings on racial bias and equity

- In FY 2022-23, Homeless Trust Capital Reserves for future infrastructure acquisition and renovations are \$6.688 million; Reserves, which are essential to maintaining service levels and adding needed capacity, are \$2.017 million

Public Housing and Community Development

The Department of Public Housing and Community Development (PHCD) administers funding for the County’s housing and community development programs including public housing, subsidized private rental housing, affordable housing, rehabilitation and revitalization. These programs provide decent, habitable, sanitary and affordable housing. They promote viable communities and sustainable living environments, principally for extremely low-income to moderate-income families and individuals. PHCD’s annual new funding comes primarily from the United States Department of Housing and Urban Development (HUD), which provides funding for programs including Public Housing, Capital Grants, Section 8, HOPE VI, Community Development Block Grant (CDBG), HOME Investment Partnerships Program (HOME) and Emergency Solutions Grant (ESG). Additionally, PHCD administers State of Florida Documentary Stamp Surtax (Surtax) and State Housing Initiatives Partnership (SHIP) funds to develop and finance affordable housing.

As part of the Health and Society strategic areas, PHCD oversees approximately 7,224 units of public housing, of which 724 are mixed finance units. Additionally, PHCD has converted 1,698 former Public Housing units as part of Rental Assistance Demonstration (RAD). PHCD provides monthly subsidies for approximately 19,240 households in various Section 8 housing programs and RAD, additionally PHCD owns 1,405 non-public housing affordable housing multi-family rental units. PHCD also monitors and oversees the financial and physical performance of this portfolio through the Public Housing Assessment System (PHAS) and the Section Eight Management Assessment Program (SEMAP). These tools provide both the County and HUD with information regarding the financial health, physical condition and management of the PHCD portfolio.

By administering federal and state funded programs, PHCD promotes economic opportunities and community development with the goal of creating and retaining jobs for low-income to moderate-income persons, as well as providing oversight on the construction of new affordable and workforce housing development projects while managing mixed-use development acquisition projects.

PHCD’s stakeholders are the residents of Miami-Dade County, with incomes ranging from extremely low to moderate, inclusive of those who are part of the County’s workforce. PHCD works closely with its resident boards, private landlords, affordable housing developers, for-profit and not-for-profit organizations, the Affordable Housing Advisory Board, and other County departments to achieve the mission of providing quality, affordable housing opportunities and economic independence opportunities to extremely low to moderate-income residents of Miami-Dade County.

Objectives	Measures			FY 19-20	FY 20-21	FY 21-22	FY 21-22	FY 22-23
				Actual	Actual	Budget	Projection	Target

	Average monthly number of families renting	OP	↔	6,448	5,218	5,660	5,400	5,400

*The Department's goal is to achieve a Standard Performer or higher designation as measured by the PHAS score; the PHAS point score represents a computation based on HUD criteria that measures the efficiency of a public housing agency's management; scores of 90 points or above result in a High Performer designation; scores below 90 but above 60 are designated as a Standard Performer; FY 2018-19 and FY 2019-20 scores have not been issued by HUD due to the impacts of a hurricane and COVID-19

** FY 2020-21 Average occupancy rates reflect lower base number of public housing units due to units that transitioned into mixed finance redevelopment or the Rental Assistance Demonstration (RAD) Program

DIVISION COMMENTS

The FY 2022-23 Adopted Budget includes funding from the Miami-Dade Rescue Plan to fund operations at the Helen Sawyer Assisted Living Facility (\$2.450 million)

- **The FY 2022-23 Adopted Budget includes the addition of four PHCD Structural Maintenance Technicians to assist in the overall upkeep including grounds cleaning twice per day for the Arthur May Development (\$216,000)**

- The FY 2022-23 Adopted Budget includes a departmental reorganization that transfers a Communications Manager from the Office of the Director
- Despite past modest increases in overall allocations nationally for public housing, increases to allocations to PHCD were nominal in recent years, and PHCD has a backlog of unmet capital and operational needs; going forward, regardless of the final allocation number received for federal fiscal year (FFY) 2023, the federal budget currently proposed by the Administration will not provide enough funding to bridge the Department's capital or operational budgetary gap for public housing

PHCD continues to explore ways to effectively manage federal budgetary shortfalls through the use of HUD's Rental Assistance Demonstration (RAD) program; program funding is subject to HUD approval and the availability of funding from both federal and private sector resources and, in past years, the RAD program maintained a hard limit on the number of units nationally that were eligible for redevelopment; Congress increased the number of units eligible for redevelopment that may qualify for funds under the program from 225,000 to 455,000; this increase in the eligible unit limit serves as the basis for the comprehensive redevelopment of all of HUD's public housing inventory

*SEMAP measures the performance of the public housing agencies that administer the Housing Choice Voucher Program in 14 key areas; the actual points shown (out of a maximum of 145 obtainable points) translate into a percentage of the total points that may be obtained; scores of at least 90 percent are rated High Performers; FY 2019-20 preliminary overall score submitted to HUD for review is 145 points with overall High Performer rating

CAPITAL BUDGET HIGHLIGHTS AND OPERATIONAL IMPACTS

In FY 2022-23, the Department will continue the redevelopment of Liberty Square Rising, a public/private redevelopment initiative that includes the demolition of all existing public housing units in Liberty Square, development of the vacant Lincoln Gardens site and the construction of new infrastructure and dwelling units; during FY 2019-20 Liberty Square Phase One delivered the redevelopment's first 204 units, which included 73 public housing units; in FY 2020-21 Liberty Square Phase Two delivered an additional 204 units, including 73 public housing units; in FY 2021-22 Liberty Square Phase Three delivered 192 units, including 71 public housing units; the project is focused on transforming neighborhoods into viable, energy efficient, mixed-income and sustainable neighborhoods with access to well-functioning services, high quality public schools and education programs, early learning programs and services, public transportation and jobs for residents; the estimated development cost is \$450 million of which \$46 million is funded from County and federal sources; in FY 2020-21, the development was turned over to a private management company that receives operating subsidies through PHCD; after the transfer of all phases takes place, the annual cost to PHCD to provide oversight of the private management company is estimated at \$100,000

In FY 2022-23, PHCD is projected to expend \$8.9 million in Federal Capital Fund Program (CFP) dollars to address long-term infrastructure needs in various public housing developments to include elevators, roofs, windows, fire alarm systems and Uniform Federal Accessibility Standards (UFAS) compliance; it is important to note that the FY 2022-23 federal budget will not provide enough funding to address infrastructure needs on various public housing sites; as a result of the infrastructure improvements, there is no fiscal impact to the Department's operating budget at this time, however, when applicable, the Department will install energy efficient equipment that in the long-term will provide some operational savings

The FY 2022-23 Adopted Budget and Multi-Year Capital Plan includes \$867,000 of Documentary Surtax funds to pay the debt service related to the Scott Carver Development Phase 3; the Surtax funds will be transferred to the General Government Improvement Fund (GGIF) where the debt payment is budgeted

Aviation

The Miami-Dade Aviation Department (MDAD) operates a system of airports that provides for the safe and efficient movement of people and goods while being responsive to the needs of customers and safeguarding the environment.

As part of the Economic Development strategic area, MDAD operates Miami International Airport (MIA) and four General Aviation Airports (GAA). MDAD operates the airport system as a financially self-sufficient entity without property tax support from the County. MIA is considered a primary economic engine for Miami-Dade County and is the major trans-shipment point between the Americas, the Caribbean and Europe. Servicing 100 airlines with routes to over 158 cities on four continents, MIA ranks number one in the United States for both international passenger traffic and international freight. MIA's vision is to grow from a recognized hemispheric hub to a global airport of choice that offers customers a world-class experience and an expanded route network with direct passenger and cargo access to all world regions.

MDAD works closely with a diverse group of constituents, including cargo and passenger airlines and their customers, the support industries that form the air travel base, the Federal Aviation Administration (FAA), the Transportation Security Administration (TSA), United States Customs and Border Protection, business leaders and the media.

ADDITIONAL INFORMATION

As a result of COVID-19, Seaport is uncertain as to what the traffic levels will be in FY 2022-23; consequently, the Department is currently assuming approximately 3.1 million passengers for FY 2022-23; as the fiscal year progresses and actual performance is experienced, the Department's budget may need to be adjusted

The Seaport's Promotional Fund is budgeted at \$400,000 in FY 2022-23 and will be used for activities pursuant to Administrative Order 7-32 as applicable; these funds are not proposed as competitive grant funding but rather as allocations for limited programs that promote Port maritime activities in the Cargo and Cruise Marketing Programs and community outreach

- In FY 2022-23, Seaport will continue its MOUs with Audit and Management Services to conduct audits of various departmental operations and services (\$190,000), the Department of Transportation and Public Works to continue taxi-cab inspection (\$100,000) and survey crews (\$145,000), the Department of Solid Waste Management for mosquito control (\$50,000), the Human Resources Department for compensation analyses (\$50,000), and the County Attorney's Office for legal services (\$1 million)

The FY 2022-23 expenditures for the Shore Power capital program was adjusted from \$55 million to \$58.517 million; moving these expenditures from future years will allow the Port to purchase equipment in greater volume, taking advantage of volume discounts as well as ensuring that Phase 1 of the project is completed by the Fall of 2023 (total program cost \$175.848 million, \$58.517 million in FY 2022-23; capital program #2000001675)

Seaport's FY 2022-23 Adopted Budget and Multi-Year Capital Plan includes constructing additional rail capacity and increasing cargo gate optimization to reduce traffic congestion at the Port to lower carbon emissions as part of the Department's resiliency initiative (total program cost \$40 million; \$8 million in FY 2022-23; capital program #2000002955); the capital program is funded with US DOT grants (\$16 million) and Future Financing proceeds (\$24 million)

Inspector General

The Office of the Inspector General (OIG) serves the residents of Miami-Dade County by identifying fraud, mismanagement, waste and abuse of power in County projects, programs and contracts. Created by the Board of County Commissioners (BCC) in response to the public's demand for more accountable government, the enacting legislation ensures that the OIG is independent and autonomous, so that it may carry out its oversight of such a large and diverse government without political interference.

As part of the General Government strategic area, the OIG routinely reviews and evaluates proposals, contracts and programs for a range of management criteria. The OIG also investigates a variety of cases, including contractors doing business with and/or receiving funds from the County and cases of employee and official misconduct.

The OIG's jurisdiction encompasses all County departments, agencies, instrumentalities and the programs thereunder. This jurisdiction extends to all County employees, public officials, elected officials and vendors and contractors doing business with the County. The OIG has been designated a criminal justice agency by the Federal Bureau of Investigation and is accredited by the Commission for Florida Law Enforcement Accreditation based upon statewide standards for Offices of Inspectors General.

Property Appraiser

The elected Property Appraiser of Miami-Dade County has the primary responsibility to identify and appraise all real and tangible personal property within the county and certify the annual property tax roll with the Florida Department of Revenue (DOR) in accordance with the Florida Constitution and state law. Additional responsibilities include the maintenance of all associated property records, the administration of all exemptions, and the annual notification to all property owners in Miami-Dade County of the assessed value of their properties.

The Office performs statutory functions related to the assessment of property for the purpose of determining fair market and taxable values. The taxable values are then used by public schools, Miami-Dade County, municipalities and other taxing jurisdictions to set millage rates and derive budgeted revenue levels.

To fulfill its responsibilities, the Property Appraiser communicates on a routine basis with Miami-Dade County property owners, the Tax Collector, County agencies, the DOR, and numerous taxing authorities. The Office's responsibilities are established by the Florida Constitution, Florida Statutes, and DOR rules and regulations. The budget for the Property Appraiser is subject to provisions outlined in Section 195.087 of the Florida Statutes, which include review and approval by DOR.
