Yes/No							Second Tier/Step 2 Selection Oral Presentation	BCC Meeting Date		
1	Yes	S-20059 <i>Commission District 8</i> South District Wastewater Treatment Plant FA Well Monitoring Phase 2	\$4,533,050.00 # 9655481 South District Wastewater Treatment Plant Projects	1/02/2024 Review Item Approved SBE/CONS – No Measure, SBE/ Goods & Services – No Measure, CWP- 10.00%	Invitation to Bid to the lowest responsive, responsible bidder	3/07/2024	3/20/2024	N/A	TBD	COS Bid Due Date 4/09/2024

Summary of Minimum Experience and Qualifications Pursuant to the requirements of Section 10-3 of the Miami-Dade County Code, as well as the Solicitation and Contract Documents, at the time of bid, the Bidder must hold one of the following valid, current, and active credentials: Water Well Contractor

In addition to the license requirements, the bidder shall:

A. In order to aid the OWNER in making an award of the Contract, the Bidder shall submit, with his Offer, written evidence of its qualifications and ability to begin construction, to perform in a satisfactory manner, and to complete all the work covered by the Contract within the time specified in the Solicitation. Bidder shall submit proof of at least three similar projects within the past 5 years involving drilling of Floridan Aquifer wells and/or UIC permitted injection wells with 16 inch OD (outside diameter) casing cemented to a depth of at least 2,500 feet below land surface. Specialized testing activities including coring, inflatable packer testing, mechanical integrity testing, cement bond logging, temperature logging and water quality sampling must have been completed to demonstrate relevant experience. Failure to submit this information with the bid may be cause for the Bidder to be deemed non-responsive.

B. The bidder shall submit, among other things, specific name of the proposed superintendent, driller, logger, and detailed information identifying the above mentioned and all personnel to be utilized on this project and written evidence with respect to the following:

General Requirements

- That the bidder has a trained and competent organization, which has done work of similar character and value;
- That the bidder will have available personnel to do the work at the proper time or times, adequate equipment, and facilities, listing such equipment and facilities in such detail that they can be quickly and accurately checked;
- That the bidder has sufficient repair parts and supplies to maintain all equipment and facilities properly and with a minimum of delay;
- That the bidder has experience in drilling in the geologic formations of South Florida penetrated by THE OWNER's wells; including drilling to depths greater than 2,500 feet below land surface;
- That the bidder has experience in working with wells under the high artesian pressures that will be encountered in the wells in South Florida;

In the event a firm is established by executives, supervisors, and other senior field staff (key employees) that would have met these minimum experience requirements with a prior firm, OWNER reserves the right to qualify the firm based on OWNER's sole determination and evaluation of the knowledge and prior experience of these key employees employed by the new firm. The experience of key senior personnel with other firms may be counted towards the experience requirement, if acceptable to the ENGINEER. Should such evidence not be satisfactory to the ENGINEER, whose decision shall be final, the bid will be considered non-responsive, and the second lowest bidder will be considered for award. The qualifying proof shall be submitted in a separate sealed envelope with the bid.

	Lagoon to Remove Calcium Carbonate Residual	Cleaning Plant Equipment.	SBE/ Goods & Services – No Measure, CWP- N/A						

Summary of Minimum Experience and Qualifications:

LICENSES REQUIRED: At the time of bid and pursuant to the requirements of Section 10-3 of the Code of Miami-Dade County, Florida and these Solicitation and Contract Documents, the bidder must hold a valid, current, and active: Certificate of Competency from the County's Construction Trades Qualifying Board as a State General Contractor, General Engineering Contractor, Excavating and Grading Contractor, .or Certification, as a General Engineering or as an Underground Utility and Excavation Contractor, provided by the State of Florida Construction Industry Licensing Board, pursuant to the provisions of Florida Statutes Chapter 489.115.

EXPERIENCE: In addition to the above license requirements,

- The bidder must have a minimum of three (3) years of experience, under its current business name (which can include the experience of key supervisory employees that would man the project), in projects of similar scope and scale involving material excavation / grading/ loading / hauling, and maintenance of vehicular traffic, supported by references for one (1) project completed within the past ten (10) years. The submitted reference project must demonstrate that the bidder served as the prime contractor for the referenced projects provided.

Demonstrate the experience requirement by:

- Providing a detailed description of at least one (1) project similar in detail to the project's scope of work described in these Solicitation Documents and in which the bidder's identified personnel is currently engaged or has completed within the past ten (10) years. List and describe the afore-mentioned project and state whether the work was performed for the County, other government clients, or private entities.
- In the event a firm is established by executives, supervisors, and other senior field staff (key employees) that they have met these minimum experience requirements with a prior firm, the OWNER reserves the right to qualify the firm based on OWNER's sole determination and evaluation of the knowledge and prior experience of these key employees employed by the new firm. The experience of key senior personnel with other firms may be counted towards the experience requirement, if acceptable to the ENGINEER. Should such evidence not be satisfactory to the ENGINEER, whose decision shall be final, the bid will be considered non-responsive, and the second lowest bidder will be considered for award.

The Bidder must demonstrate that the company has full-time personnel with the necessary experience to perform the project's scope of work. This experience shall include identifying successfully completed projects where personnel have performed the bulk of the work, and which best illustrates their ability to perform the requested services while meeting project schedules and budgets.

Summary of Minimum Experience and Qualifications:

LICENSES REQUIRED: At the time of Bid and pursuant to the requirements of Section 10-3 of the Code of Miami-Dade County, Florida and these Solicitation and Contract Documents, the Bidder and subcontractors must hold a valid, current, and active: General Mechanical License (Prime), Plumbing License (Prime or Sub), Electrical License (Prime or Sub), Building Specialties License (Prime or Sub).

EXPERIENCE: In addition to licensing requirements, bidders shall submit proof with their bids of the following:

- The Contractor shall have a valid Paving Contractors License, FDOT Certification for Paving and have performed paving restoration as a company for at least a period of one year. Verifiable references are required with Project Name, Organization Name, Contact Person, Phone Number, Date of Work and Work Performed. Submit experience history with references on the two most recent Contracts along with the bid. The work shall have been completed with the Contractor’s own forces or key personnel.
- The Contractor shall be a dedicated paving contractor that performs pavement restoration work as the focus of its daily operation. The Paving Contractor will need to document the requirement of having enough staff to perform multiple repairs at various locations.
- The Contractor shall provide at all times, as a minimum, the following equipment for the duration of the project. The Engineer will be physically inspecting the Contractor’s equipment prior to issuance of NTP: Grader for base reconstruction, Milling Machine, Asphalt Paving Machine, Tandem Steel Drum Roller, Traffic Roller, Street Sweeper, Water Truck, Tack Coat Machine (trailer or truck), Dump Truck .
- The experience of key senior personnel with other firms may be counted toward the experience requirement, if acceptable to the Engineer. Should such evidence not be satisfactory to the Engineer, whose decision shall be final, the bid will be considered non-responsive, and the second low bidder will be considered for award.
- In the event a firm consists of executives, supervisors, and other senior field staff (key employees) that would have met these minimum experience requirements with a prior firm, the Miami-Dade Water and Sewer Department reserves the right to qualify the firm based on WASD’s sole determination and evaluation of the knowledge and prior experience of these key employees employed by the new firm.
